"THY KINGDOM COME"

OLD SERIES, VOL. XXXVIII.

JACKSON, MISSISSIPPI, MARCH 2, 1916

NEW SERIES, VOL. XVIII, NO. 9

We are sorry to lose Rev. A. H. Mahaffey from Mississippi, who goes from Highland church, Meridian, to Newton, Ala.

Pastor Robt. Russell, of Magee, speaks with high appreciation of the chart lectures of Brother W. E. Tynes, who recently spent several days with his church.

Pastor Zeno Wall found a debt of \$3,500 on the church at Columbia, when he began work there one year ago. The close of his first year will see it wiped out. Congratulations to them all.

Rev. J. J. Justice has resigned at Linden, Ala., after a pastorate of two years. He has been instrumental in building a \$30,000 church house and is highly commended by the deacons. He will locate in Hattiesburg and do evangelistic work.

A bill has been introduced in both houses of Congress to put the Hawaiian Islands under prohibition. The situation of the natives is desperate, unless this measure comes to their relief. The entire press of the islands favors prohibition, and industrial leaders urge it as a necessity.

The pastors of New Orleans, the National Civic League and some of the women's clubs are leading a fight in that city to have the Locke law enforced against race track gambling. It is shameful that those who are elected and sworn to enforce the laws in that city pay no attention to many violations of them.

We have received a program of the third annual session of the Mississippi Baptist Sunday School and B. Y. P. U. Convention to be held at McComb City, March 14-16. It includes some of the best people in the State and Dr. A. T. Robertson, of Louisville, Ky. Every Sunday School and B. Y. P. U. ought to be represented.

On February 22, representatives from twenty-nine churches (four associations) met at the Second church, Laurel, and spent the day discussing the advantages of a Jones County Association, and how to organize. G. Montgomery and J. C. Parker introduced the subjects which were discussed by a score or more brethren, and the result was a decision to organize a Jones County Association.

A brother writes that he has found this objection raised against religious papers, that their advertising is controlled by Catholics. This would be funny if there were not some people left in the world that are still afraid of ghosts, hoodoos and "rawhead and bloody bones." No, beloved, the advertising in this paper is secured through an agency whose president is a Presbyterian preacher, and is passed on by a Baptist preacher.

The Southern Sociological Congress meets in New Orleans, April 12-16. It will be of special interest to physicians, preachers, legislators, college people, prohibitionists and all people interested in social work and welfare. Headquarters will be at the St. Charles Hotel. The program is mostly of subjects relating to physical and moral health, including a wide variety and a choice assembly of speakers whose names command respect everywhere and such as would not be easy to equal anywhere. The number of them is surprising.

An officer, it is said, from Japan was visiting America. In a large city he saw a man stop a milk wagon, and he asked an American what it meant, and was told that he was inspecting the milk to see whether it was pure or not. Not long after the two passed a saloon, and a man came staggering out, struck his head against a lamp post and fell to the ground. The Japanese, on asking the meaning of it, was told that the man was full of bad whiskey. Said he to the American, "Is it poison?" When told that it was, he asked whether the sale of whiskey was watched as was the sale of milk, and he marveled when told that it was not. At the market he saw a man inspecting meat, and he exclaimed, "I cannot understand your country. You watch the milk and the meat, and let men sell poisoned whiskey as much as they please." This was a severe arraignment, coming from a representative of a country a half-century out of heathenism. About another important thing we show a glaring lack of wisdom; and that is the kind of food our minds are feeding upon. We are far from wise if we make our bread, water and milk pass under a rigid inspection and are indifferent as to the sort of literature we feed our minds upon.—Ex.

Mr. J. M. Hartfield, treasurer of the Mississippi Baptist Hospital, reports the gift of \$10,000 by Dr. R. V. Powers, of Jackson, to the hospital for the equipment and endowment of a baby ward. Dr. Powers has shown himself by previous gifts to charity in Jackson, a large-hearted citizen and true philanthropist. His generosity has taken the beautiful form of help to needy children as a memorial to his wife, Mrs. Kate McWillie Powers. His previous gifts were made to the Children's Home Finding Society, amounting to \$15,000, and this gift to the hospital will further extend the benefits of his former work as it is to furnish a ward in the hospital for the children of the home which he is building and for the children of the orphanages in Jackson. Every lover of children and everyone who sympathizes with suffering will rejoice in this beautiful charity. The trustees and friends of the charity hospital deeply appreciate this splendid gift from Dr. Powers and hope it will be an example for others who wish to invest money where it will minister to the relief of those in need. The hospital commands the support of the best business men in Jackson and is the pride of those who seek to minister to others.

Why do not the advocates of union schools in the mission fields try to combine the colleges of different denominations in this country? We don't hear anybody loudly proclaiming the economy and comity of it here. They know that nobody would listen to such talk, for we believe that our own colleges are a necessity to our highest usefulness and to the independence and self-respect of our churches. We simply could not do our distinctive work without them. What is true in America is true in China. The principle is universal.

Dr. R. S. Curry as superintendent, not only looks carefully after the blind at the State institution; he is interested in preventing blindness. He made an address recently to the Legislature urging the passage of a bill before them which will greatly reduce the number of blind for the future. That is the end to work at. "An ounce of prevention is worth a pound of cure."

Luther Lane, son of Rev. J. H. Lane, of McComb, will represent Mississippi College in May at the State Inter-collegiate Oratorical Contest.

There have been sixteen mission study classes in the Woman's College at Hattiesburg, and more than seventy young ladies are now enlisted for the Sunday School Teacher Training Course.

The Jeff Davis Highway Association will hold a convention in Grenada on March second to decide on the route of the great highway to be built from Memphis to Beauvoir. It will connect with the road that will run from Canada to the Gulf.

Richard Fuller was one of the greatest of Southern Baptist preachers and specially influential along the Atlantic seaboard. Evidently he was no believer in "alien immersion," for he was baptized by a Baptist preacher after having been immersed by an Episcopalian.

Mr. A. K. Godbold, of McComb, chairman of entertainment committee, writes, "It is very important that all delegates to the State Sunday School Convention send in their names to the committee and send them in right away. You will then receive a card of assignment. You be prompt and we will be sure."

The Baptist pastors in New Orleans estimate that one thousand Baptists annually from Mississippi come to that city and are swallowed up somewhere before they get to church. It is a fearful loss to the cause of our Lord that so many people who were church members at home never report for service when they go where they are most needed.

President M. B. Adams, of Georgetown College, says he turns away from one-third to one-half as many students as are in actual attendance because he cannot give them the needed financial assistance. Probably many other college presidents could tell a similar story. Here is an opportunity for those who have more money than children.

Concluding the series of Laymen's Missionary Conventions which are being held in all the states, there will be held in Washington, D. C., April 26-30, the "National Missionary Congress." Plans will be projected for the future of the men's mission work. Further information from Laymen's Movement, No. 1 Madison avenue, New York.

Every now and then some ignorant sentimental rises up to insist that the heathen be left to "enjoy" their own religion. This is a good deal like the emotional young lady who was moved to tears and sobs by a picture show, but who turned upon a man who was snickering behind her with the indignant outburst, "If you d-don't like the play, I d-d-don't s-see why you don't l-l-let those enjoy it that c-e-can!"

The people of Gulfport and Harrison county have won in their efforts to celebrate the centennial of Mississippi's statehood by a big fair. The Legislature has passed the bill appropriating \$125,000 for that purpose when \$250,000 is paid in by the city of Gulfport and Harrison county. Gulfport is a good place to go to most any time, and 1917 will be a great year for them and for the State. Now, gentlemen, make the show clean.

## NEWS IN THE CIRCLE

BY MARTIN BALL

How did you like The Record Number of our paper? Didn't you think it was real good? Will not every one—laymen, as well as preachers—work at it a little and send in some subscribers and renewals?

It was our good fortune recently to spend several days in Greenville. It is charming to see how pastor and people are working so harmoniously together. Everybody loves Brother Tew. We enjoyed the hospitality of that prince of laymen, H. N. Alexander.

The editor of the Western department of the Baptist Flag, a "landmark," says, "A Methodist conference has as much Scriptural right to send out preachers to preach to churches as any kind of a Baptist institution in the world." What do you think of a landmark like that? Anything to hit at a convention, right or wrong!

The meeting at Tallahassee, Fla., which was conducted by Dr. W. L. Winborn, of Louisville, Ky., was great in results. There were sixty-five additions to the church. Pastor J. D. Adcock is happy. The entire church is rejoicing.

The First church, Raleigh, N. C., T. W. O'Kelly, pastor, is one of the strong churches in the South—1,050 members. Dr. S. J. Porter, of San Antonio, Texas, recently aided the pastor in a gracious revival; forty-one additions.

The General Education Board of the Rockefeller Foundation announces appropriations of \$335,250 to various educational institutions. Several negro schools in the South are aided.

The Baptist World states that the Calvary church, of Louisville, Ky., recently called W. M. Bostick to the pastorate. He conducted a very successful meeting with the church. He has not yet announced his decision. We hope he will remain at Newton.

It is stated that the First church, Philadelphia, Pa., has just closed an evangelistic meeting, the first in 260 years of its history, Dr. John E. White, of Anderson, S. C., doing the preaching.

Evangelist J. H. Dew says the month from January 2 to February 2 was the greatest in his life. He conducted two meetings with over 320 professions. Brother Dew has been in the work a long time.

Missionary Hal F. Buckner, after seven years of service in China, is on his way home now for a vacation. He deserves a few months' rest.

The Gloster First church does not stay without a pastor long. Rev. Jesse L. Boyd goes from Coldwater to take the place of Rev. Gaines Dobbins.

Rev. J. W. Mayfield, of Mart, Texas, has just closed a very gracious revival in his church, doing all the preaching. He had Gospel Singer C. O. Cook, of Fort Worth, to help him. These Mayfield brothers are strong men. Any church is blessed to have them.

Rev. Raleigh Wright, after several years' work as Home Board evangelist, goes to the pastorate of Ruston, La., and is now at work on that field.

We extend our sympathies to Evangelist T. T. Martin, in the death of his father-in-law, Brother Bowen, of Austin, Texas. He was called from his work in West Virginia to attend the funeral.

The First church at Fort Worth, Texas, is having wonderful success. On a recent Sunday there was in the Sunday School 1,378. The same day there were fifty additions. More people turned away from the church than got in. J. Frank Norris is the drawing pastor.

In the meeting at the Deaderick Avenue church, Knoxville, Tenn., Dr. W. D. Nowlin, pastor, there were 145 additions. The meeting was conducted by Evangelist Sid Williams, of Texas.

The Tate street church, Corinth, has called Rev. J. H. Turner, of Luxora, Ark. It is generally thought he will accept. The church has been pastorless for some time.

Dr. B. B. Bailey, pastor at Arkadelphia, Ark., is now in a great meeting, with State Evangelist M. L. Voyles doing the preaching. Ouachita College is located at this point. Large crowds are attending.

Dr. J. M. Carroll, who has been working in the interest of the Judson Memorial Fund, with headquarters at Richmond, Va., for several months, has returned to his home in Texas. He will take charge of the Riverside church, San Antonio, April 1.

Dr. C. B. Waller, of Asheville, N. C., recently assisted Pastor G. T. Lumpkin in a great meeting at Oxford, N. C. One hundred joined the First church and forty joined other churches in town.

The Arkansas brethren are making great preparations for their men's meeting in Little Rock, February 28. It is a genuine Baptist meeting—no mixture.

Dr. Howard L. Weeks, of Mansfield, Ohio, formerly pastor of the First church, Vicksburg, has accepted a call to the First church, Darlington, S. C. The Baptist Courier extends a cordial welcome to him.

Pastor C. W. Stumph, Henderson, Texas, has secured the services of Drs. Truett and Gambrill with Singer Coleman for a meeting in June. Dr. Truett cannot respond to one call in a thousand that comes to him. Thanks, Brother Stumph, for kind words about "News in the Circle."

### BLUE MOUNTAIN BREEZES.

We are arranging our summer schedule.

The State Normal at Blue Mountain is to open June 5th, and continue four weeks. Mrs. Jennie M. Hardy will again have the primary work and the story-telling class, and will be assisted by her brilliant daughter, Miss Mattie Crumpton Hardy. Dr. W. T. Lowrey will be director; Prof. J. E. Brown, local director, and the faculty will contain such prominent teachers as David E. Guyton, Perrin H. Lowrey, M. E. Moffitt and others. We hope for a large crowd of teachers during that month. We had a fine attendance and a great normal last summer, and we hope to provide still better for those who come this summer. Excellent advantages will be given in both the professional and the regular course of free school studies.

The Blue Mountain Encampment will open July 2nd and continue eight days. The committee is undertaking to provide the best program in the history of this inspiring annual meeting.

The writer had the privilege of spending last Sunday with Rev. R. C. Blalock, of Amory. Brother Blalock serves the Amory church for full time, but gives afternoon appointments at Becker, which is on the railroad between Amory and Aberdeen. Last Sunday we dedicated a beautiful new church at Becker, which is a great credit to that good community and to Brother Blalock, their pastor. The membership of the church is small, but they have shown themselves a valiant little band. By request of the pastor, the morning sermon was a sermon on Baptist principles. The house was crowded and the attention was very earnest. By request the subject at four p. m. was "Christian Education."

We went back into Amory for the night appointment, where I had the pleasure of preaching to an excellent audience of appreciative hearers.

The people at Amory and Becker think that

they have one of the strongest preachers and best pastors in the State. I approve their enthusiasm and did not dispute their claim.

Cordially,  
W. T. LOWREY.

### HILLMAN COLLEGE.

This is the fifth year that Mr. M. P. L. Berry has been connected with Hillman College at Clinton. For two years he was business manager and Mr. L. T. Lowrey was vice-president. For the past three years Mr. Berry has been in full charge. Mr. Berry had thought of retiring from the school work, and so there has been some uncertainty as to who would be in charge of Hillman next session. I am very glad to say that Mr. Berry has decided to remain, however, in his present position. Hillman has had a very delightful and harmonious session, although the attendance has not been large. We have had an excellent faculty, every department being filled with a strong, cultured, experienced and successful teacher. We now think that the present faculty will be retained in full for next session. They have all been offered their positions, most of them having accepted, and we hope that all the others will accept.

Hillman College has many friends and deserves them all. It is superbly located, well equipped, and the management would be hard to excel. I have never seen a more home-like school than Hillman.

Let everybody understand that Hillman College will open on time next fall under the same excellent management and with a strong, capable faculty.

Very truly,  
W. T. LOWREY.

### WHAT BAPTISTS BELIEVE CONCERNING GRACE IN REGENERATION.

Read Deut. 30:6; Ezek. 36:26.

Introduction—some preliminary remarks:

1. Regeneration is a doctrine expressly taught in the New Testament.

2. It is accompanied by many mysteries. The wind blows where it wills, etc.

3. The Scriptures give sufficient information for our purpose and benefit.

(a) They tell us that we must be born again.

(b) They explain the nature of this new birth.

(c) They point out its evidences so plainly that one may know whether or not he has been born again.

4. The purpose of this discourse is to unfold what Baptists believe concerning grace in regeneration.

Baptists believe:

I. That in order to be saved sinners must be regenerated or born again.

1. The mind of the flesh is enmity against God.—Rom. 8:7f.

2. By nature man is a child of wrath.—Eph. 2:1-4.

3. By nature man's life is corrupt.—Gal. 5:19f.

4. The life flows out of the heart.

5. The heart must be changed.—Jno. 3:3-7; Rev. 21:27.

II. That in regeneration a holy disposition is given to the mind.—Rom. 2:28-29; 5:5; I Jno. 4:7.

III. That regeneration is effected, in a manner above our conception, by the Holy Spirit in connection with divine truth.—Jno. 1:13; 3:8; Jas. 1:16-18; Phil. 2:13.

IV. That regeneration secures our voluntary obedience to the gospel—I Pet. 1:22-25; I Jno. 5:1; Eph. 4:25; Col. 3:9-11.

V. That the proper evidences of regeneration are repentance, faith and newness of life.

1. Repentance and faith are evidences to the individual.—Gal. 5:16-23; Eph. 3:14-21; Matt. 3:8-10; 7:20.

2. Newness of life is the evidence to others.—Eph. 5:9; Rom. 8:9.

## SUNDAY SCHOOL LESSON

BY A. J. AVEN, LL. D.

### HEROES AND MARTYRS OF FAITH.

Hebrews 11:1; 32:12-1-2.

**Faith.**—It is well here to be careful in the use of the word faith as we find it in this connection. The word is sometimes used to express the object of faith, the thing believed, as when we say one is obedient to the faith. As the word is used here, the apostle means to speak, not of the thing believed, but of the act of believing. In the context before us, the act of faith is divided into two parts. First, it is "the substance of things hoped for." A thing hoped for has no present existence, but so far as enjoyment or possession is concerned is in the future. But the apostle designates it as the substance of things hoped for. But substance has existence, and hence a present being. Again, faith "is the evidence of things not seen." An unseen thing is something not ascertained either by the senses or by reason—seen neither by the eye, nor by the mind. Now the great value of faith lies in the fact that it reveals to us the truths of God by His Word aside from which we must have continued in ignorance. The province of faith is with things unseen, and in itself is the evidence. The root idea of the word faith is "unite." With this before us, let us apply it to our relation with God. A thing hoped for in the future has been given substance and brought into the present and made evident by uniting our souls with God as sons and with Christ as brothers.

**Subdued Kingdoms.**—In the catalogue of things registered in verse 33, David's deeds stand out in the mind most prominently. For it was he who most successfully conquered the heathen nations about him. Let us note some of the things in which David's faith guided him. First, he pursued a just cause; second, he had authority from God; third, he was often directly ordered by God; fourth, he looked to God for strength; fifth, the victory came through his faith in God's power to help; sixth, the peoples subdued were enemies to both God and God's people. The victories "were far more excellent because given upon the faith of such as trusted in their God."

**Wrought Righteousness.**—"The subduing of kingdoms was the exercise of their military power, and this may seem to be the use of the sword of justice. The duty of a prince is to defend his people from foreign enemies, and to protect their loyal subjects, and punish the injurious. This righteousness, therefore, is judicial, and their doing of righteousness their constant administration of justice."

**Obtained Promises.**—In the word "promise" we have something sent forth, something set in motion. What were some of the things promised which had been obtained. The leaders by their faith were stimulated by an interest in the final rest which awaited those who survived the long years of the wilderness experience, and while there was little hope to many of ever-reaching the promised land, yet they were comforted by the fact that their posterity would come into their inheritance, and by their faith were enabled to wait God's own time for fulfillment.

**Stopped the Mouths of Lions.**—"Then went Samson down, and his father and his mother, and came to the vineyards of Timnath, and behold a young lion roared against him, and the Spirit of the Lord came mightily upon him, and he rent him as he would have rent a kid." (Jud. 14:5-6) "And David said unto Saul, thy servant kept his father's sheep, and there came a lion and a bear and took a lamb out of the flock, and I went out after him and delivered it out of his mouth, and when he arose against

me I caught him by his beard, and smote him and slew him." (I Sam. 17:34-35) "Then said Daniel unto the king, My God hath sent His angel, and hath shut the lion's mouths, and they have not hurt me." (Dan. 6:21-22) From these references we learn that the power of the Creator is greater than the power of the creature, that by faith God's servants engage the power of God against the power of beasts or beastly men, when their purpose is to glorify God.

**Quenched the Violence of Fire.**—"And when the people complained, it displeased the Lord, and the Lord heard it, and his anger was kindled and the fire of the Lord burnt among them, and consumed them, that were in the uttermost parts of the camp. And the people cried unto Moses, and when Moses prayed unto the Lord, the fire was quenched." (11:2-3) The prayer of faith in Moses saved the people from the results of their folly. The prayer of our faith today can lead men to a realization of their lost condition and turn toward Christ, their only hope. The prayer of faith enabled Daniel to defy the threats of King Nebuchadnezzar, and with his comrades to come from the furnace without hurt, for they were accompanied by the Son of God. (Dan. 3:17-27) "Never was the grace of faith more severely tried, never more nobly exerted, nor ever more gloriously rewarded."

**Escaped the Sword.**—"So David prevailed over the Philistine with a sling and a stone." (I Sam. 17:50) A pebble in the hand of faith is too much for a sword in the hand of a Goliath. The world has often been astonished to see men extricate themselves from the hands of enemies, not taking into consideration that a man armed with faith will serve God, do His work, and fear not, and that when they are delivered, it is because they are obedient to God and are not afraid to trust Him. "No dangers can hurt those whom God will save; they are safe in the midst of greatest evils." And so with the many other examples of faith.

**Witnesses.**—With this great throng of witnesses to guarantee the goodness of God, we today ought to take the apostle's advice and lay aside every weight and patiently labor and wait God's own good time for the fruits of our labors. But we cannot work for God without first getting ready. We must lay aside every weight. If we cannot remove the sin of our environment, let us rise above its contaminating touch. The besetting sin of youth is most often the cravings of the carnal appetites. Let the appetites master the man and disaster and often death follow. Let the man master his appetites, and he will master his opportunities. For our encouragement we are urged to look unto Jesus who endured even the cross with perfect patience, and is set down at the right hand of the throne of God. When we look unto Jesus, we look at the chief example of human goodness. "He was pre-eminent as an example in the spirit that inspired Him. Self-oblivion. Pre-eminent in the grandeur of soul with which He met unparalleled sufferings. Pre-eminent in the exultation which He ultimately met."

### KINGDOM AFFAIRS AT HAZLEHURST.

C. C. Pugh.

Brother W. E. Holcomb began with us last Sunday in a B. Y. P. U. institute, speaking at the morning hour on Sunday School work, and at night on "Training for Service." In the afternoon, between the hours of three and four, we took a religious census of the entire white population of our town, gathering a fund of information which we hope to use in the enlargement of our Sunday School work. Brother Holcomb is meeting every day this week a group of

splendid young people, and is carrying them on a delightful excursion through the B. Y. P. U. Manual, as only Holcomb can do.

Our Sunday School is now doing better work than at any time during the present pastorate. Our teachers are about to complete the fourth book of the teacher-training course, and I have never seen a corps of teachers who seem to take their work more seriously. We have also a fine class of prospective teachers studying the Sunday School Manual at the regular Sunday School hour on Sunday morning. The school now lacks only about ten points of reaching the A-1 standard, and this lack will be made up very soon.

On the first Sunday in March we began our revival meeting with Dr. G. L. Yates, pastor of the First Baptist church, Tyler, Texas, to assist us. I have known Brother Yates and have observed his work for a long time. He has been marvelously successful in his own pastorate, especially gifted in reaching and organizing men for Christian service. As a safe, sane and successful pastor-evangelist, I think he has not a superior among us. We are praying and working for the greatest meeting our town has ever seen; there is already "the sound of abundance of rain."

### MISSISSIPPI WOMAN'S COLLEGE.

I will send to The Record next week a paper read by Miss Irma O'Mara before the annual meeting of the Mississippi State Association of Graduate Nurses, and then published in the American Journal of Nursing. Miss O'Mara is a young woman who has been our nurse for three sessions. Having, from the day of her graduation, a brilliant career before her in her profession, she has chosen rather to put her life where it will count more for humanity and the Lord's work than for herself in a worldly way. Every girl who goes to the Woman's College knows and trusts Miss O'Mara, and her influence is something to be reckoned with. I hope everyone who reads this little letter will also read her article upon the "Duties and Opportunities of a Nurse in a College Infirmary."

We are trying now to beautify and adorn our campus by setting out shrubbery and placing flower beds in suitable places. We will appreciate any gifts that may be sent us in the way of pecan trees, evergreen trees, roses, bulbs, and other flowers. A campus of forty acres takes a long time to put in right order and we of course have very little money to buy these things with. Prof. McKay, of the A. & M. College, has made us several visits and has helped us a great deal in our landscaping. We are using his plans in laying off our walks, flower beds, etc.

J. L. JOHNSON.

### HEATHEN "HEALING."

A missionary describes how the heathen treat disease. She says:

"I heard the beating of a gong in the house across the narrow alley just outside my window. I went out, peeped through the brush fence, and saw a group of men, women and children on the ground, their faces lit by the light of candles. One man was beating the double kettle drum. As the other beat his gong he sang:

"It is not cold, it is not fever,  
It is the work of spirit devil.  
When a man dies he leaves a male demon;  
When a woman dies she becomes a female  
demon;  
When a child dies it becomes a child demon."

"Now and then as he sang another man shook the branch of an oak tree with dry leaves clinging to it. This shaking is supposed to be the work of the demon, and the rustling indicates his presence.

"You can imagine the effect of all these weird performances upon the little awe-stricken children, as they watch with eyes almost protruding from their heads, as well as upon the sick person whom all this is supposed to heal."

### EDITORIAL.

#### TRAINING SCHOOL AT NEW ORLEANS.

Something over a year ago mention was made in The Record of the need of more provision for the training of preachers and other Christian workers for the South central or Gulf coast country and of the special value of a school for this purpose in the city of New Orleans. The suggestion immediately attracted attention all over the South and was commented on by almost every Baptist paper published in the South. The need was probably felt by all and favorable mention was made by many who are deeply interested in the work of all the territory affected by it and particularly of New Orleans as the commercial emporium and stronghold of the South, also at present the stronghold of Romanism.

The need is two-fold—the workers need training, and the work sorely needs to be done. A school of this character is like a two-edged sword—it cuts with both edges; it develops men and women for the largest and most efficient service, and it does this by actually accomplishing the task immediately in hand, saving the lost in the vicinity of the school.

There is perhaps in a four-hundred-mile radius of New Orleans not one preacher in ten who has had special training for his work or under present conditions will have it. Distance is an element in theological training that we have not sufficiently reckoned, and educational institutions of a general nature are found to draw a large majority of their students from a comparatively small radius. Again, if our preachers will not take the theological training that we think they need, let us provide for them what they will take. Many of our young preachers are going to training schools that are not under denominational control because there is given them what they are seeking for. Why not supply it under the direction of our own churches? The short course Bible institutes and conferences in many Southern States, some of them sporadic, others under direction of the convention forces, and the way they are attended, attest their popularity and their practical value.

The city of New Orleans has a three-fold advantage for such a school as this. It is the commercial and railroad center for the middle South, it furnishes the largest field in Southern territory for missions and evangelism and it is the port from which the whole United States looks out and reaches out to all Latin American countries to the south of us with their rapidly increasing millions and growing commercial and religious importance. South and Central America and Mexico are the lands for future exploitation, to which the eyes and hands of our people are going to be directed in the immediate future. European nations have had commer-

cial and social dominance there but already the European war has materially changed these conditions and there has been a continent wide effort at the rapprochement of all the nations of the Western Hemisphere. This is bound to increase more and more and no city will be so much affected by it or will wield so large an influence with the people of these other lands as the city of New Orleans.

The progress of the gospel has always been along the highways of commerce, and we should be ready to make the force of Southern Baptists felt in every land through this great gateway to the lands south of us. Too long we have delayed our efforts in this line or played with a problem big enough to challenge our best strength. Baptists have wasted money in New Orleans by putting too little of it there. We cannot take the modern fortresses of sin by shooting paper wads at them. There are few places in America where sin is so strongly entrenched and has hitherto felt so secure. The Roman Catholic church, the devil's ally and instrument, has thought of New Orleans as its own and resents the introduction of Baptist teaching and work. If we want to do the best work of the ages, let's plant our forces where Satan's seat is.

The pastors of New Orleans have taken the initiative in this undertaking and their churches have endorsed it and pledged themselves to carry it through. Dr. G. H. Crutcher, the statesman secretary of Louisiana Baptists, has been the general and prophet in the movement. He dreams and works and plans and prophesies, and he has the support of the Louisiana pastors and churches. A number of pastors from Mississippi attended the recent meeting in New Orleans in the interest of this school. They spoke and showed their approval of it most heartily. Committees from the State Boards of Louisiana and Mississippi and the Home Mission Board passed resolutions which appear elsewhere in this week's paper.

The present plan contemplates the practical training of men and women, lay workers as well as preachers for immediate service and for more efficient service for the future. Plans are being worked out by committees and by the churches in New Orleans for opening the school the first of next January, using the Coliseum Place Baptist church and providing a suitable home for students.

#### NEW ORLEANS BIBLE CONFERENCE.

The pastors of New Orleans planned a Bible conference for the benefit of their churches and nearby Baptists, which was held at the Coliseum church, beginning Sunday and continuing through Wednesday. The program included addresses by Drs. J. T. Christian, of Hattiesburg; J. B. Lawrence, and P. I. Lipsey, of Jackson; G. H. Crutcher, R. P. Mahon and M. E. Dodd. There was a large number of preachers from Mississippi, including some of our most aggressive pastors and many from Louisiana, including some of the zealous French and Italian missionaries. It gave one a vision of this great mission field that one cannot get in any other way than by association with these consecrated men who are engaged in the fight. It was inspiring to see their joy and hopefulness in the midst of difficulties to which most of us are strangers. The Baptists of New Orleans showed interest in the conference by good attendance day and night. Dr. Dodd said that he had been in Bible conferences in Shreveport, Waco, Atlanta and possibly other cities but this one surpassed them all in representative local attendance.

The addresses were of a high order. Our Dr. Christian was at home in his treatment of the "Trial of Jesus," and in "The Resurrection of Jesus." His mind by nature and training runs in the line of legal evidences and his reading is practically without limit. They were used to good advantage in these addresses. Dr. Dodd gave Scripture expositions that put him in the A-1 class of Bible teachers. Dr. Law-

rence was at home with his audience and his subject of "Power for Service." He is held in high esteem in New Orleans, where he was pastor successively of two of the churches. Dr. Crutcher spoke on "Tithing" in a way that put to flight the armies of the aliens; and Dr. Mahon gave two most practical and helpful addresses on "Personal Evangelism." The editor spoke on "The Mission Motive" and "The Bible Budget."

The pastors in New Orleans are doing the largest work that has ever been done there, and while burdened beyond the experience of many others, are more hopeful than ever before. We have two Mississippians among them, whom it was a great pleasure to greet again—Brethren L. A. Moore, of Coliseum, and R. L. Powell, of Grace church. Pastor Robertson, of St. Charles avenue, has the most complete plan of organization we have ever seen and he says it is working. Pastor R. L. Baker, of the First church, has a splendid plant on St. Charles avenue, and his church is now self-supporting and ministers to many. F. C. Flowers, at Central, is the senior pastor of the city, and is loved by everybody. Pastor Earl enjoys the heartiest support of his people.

The conference closed on Wednesday night with a great rally in the interest of the proposed "Training School," when five addresses were made and then many people seemed loathe to leave. There was never a time when hard work pays more in New Orleans than it does now.

#### ANTI-LIQUOR ADVERTISING BILL PASSES.

The anti-liquor advertising bill passed the Senate Tuesday by a vote of 22 to 17. It had previously passed the House by a good majority and as soon as motions to reconsider are disposed of and the bill is signed by the Governor, it will become a law.

The fight on the bill in the Senate, as on the bill to limit the amount of liquor shipments, was made by attempts to attach amendments to the bill which would endanger the constitutionality of the measure. Senator Crawley, of Attala, offered and fought bitterly for an amendment providing that circuit clerks and other county officials should be prevented from giving or selling lists of liquor consumers or lists of registered voters to liquor houses so that they might use them for mailing lists. A part of this amendment was thought by Senators Whittington, Franklin and other prohibition leaders to be contrary to the Constitution and that this might cause the entire bill to be declared unconstitutional by the Supreme Court. After a bitter fight, the amendment was adopted with a narrow majority. Later, another amendment was introduced by Senator Burrow providing that if any section of the bill should be declared unconstitutional, it should not affect the balance. Other amendments were introduced, but lost, looking toward prohibiting the advertising of Coca-Cola and patent medicines containing a certain per cent of alcohol, and striking out the word "newspaper" wherever it appeared. It is thought that the bill when it becomes law will carry out every intention of the framers, namely, to prohibit newspapers and printing establishments from advertising liquors.

Among those who took active part in fighting the bill by introducing and speaking for amendments were Senators Crawley, Graves and Casteel. Prominent among those speaking for the bill were Senators Whittington, Franklin, Stribling, Bogan, Walley and others.

Have you read Dr. Geo. W. Truett's book of sermons called "We Would See Jesus?" If not, you have missed a blessing; price, \$1.00 by mail from The Baptist Record, Jackson, Miss.

If a teacher wishes each member of his class to have the lesson text always at hand, a pocket edition of the Acts of the Apostles can be gotten for five cents the copy, fifty cents the dozen from The Baptist Record Book Store, Jackson, Miss.

**REPORT OF COMMITTEE ON MISSIONARY TRAINING SCHOOL FOR THE CITY OF NEW ORLEANS.**

Following some public and private discussions relative to the needs and possibilities of a Baptist missionary training school in the city of New Orleans, a number of interested brethren came together for a conference during the session of the Southern Baptist Convention in Houston, Texas, 1915.

That conference of brethren passed a resolution asking the Home Mission Board of the Southern Baptist Convention, the Baptist State Convention of Mississippi, and the Baptist State Convention of Louisiana to appoint each a committee of three to confer further upon this proposal and to take such steps as they should deem justifiable, according to the needs and possibilities of such an institution.

Brethren J. T. Christian, G. H. Crutcher and M. E. Dodd were named by this Houston conference as a committee to present the request to the three organizations named.

In response to this request the Home Board at its annual meeting in July, 1915, appointed Brethren B. D. Gray, C. C. Pugh and M. E. Dodd as its committeemen. The Mississippi Convention appointed Brethren J. T. Christian, P. I. Lipsey and J. B. Lawrence. The Louisiana Convention appointed Brethren G. H. Crutcher, R. P. Mahon and F. C. Flowers.

On February 22, 1916, these committeemen (Brethren Gray and Pugh being absent) met in the Coliseum Place Baptist church, New Orleans, and organized by electing Brother G. H. Crutcher, chairman, and P. I. Lipsey, secretary.

All the New Orleans pastors and a number of others from Mississippi and Louisiana were present and took part with the committee in the discussions.

After long and prayerful consideration of the whole matter, it was resolved by these joint committeemen representing the three organizations named:

1. That a Baptist Missionary Training School should be established in the city of New Orleans, which should have for its primary purpose the object of missionary propaganda.

2. That such institution should have the English Bible as the heart of its curriculum with missionary training courses, personal workers' courses, pastoral training courses and Sunday School training courses and gospel music courses, grouped around that center, for pastors, missionaries, Christian laymen and women who desire to better fit themselves for Christian service.

3. That there should be courses of study in French, Italian, Spanish and such other languages in which it is found necessary to do mission work in all the coast country of the South.

4. That this institution should be correlated in some satisfactory way with all of our existing theological seminaries—

(1) So students of this school who desire to pursue advanced theological studies in the seminaries may receive credit for work done here.

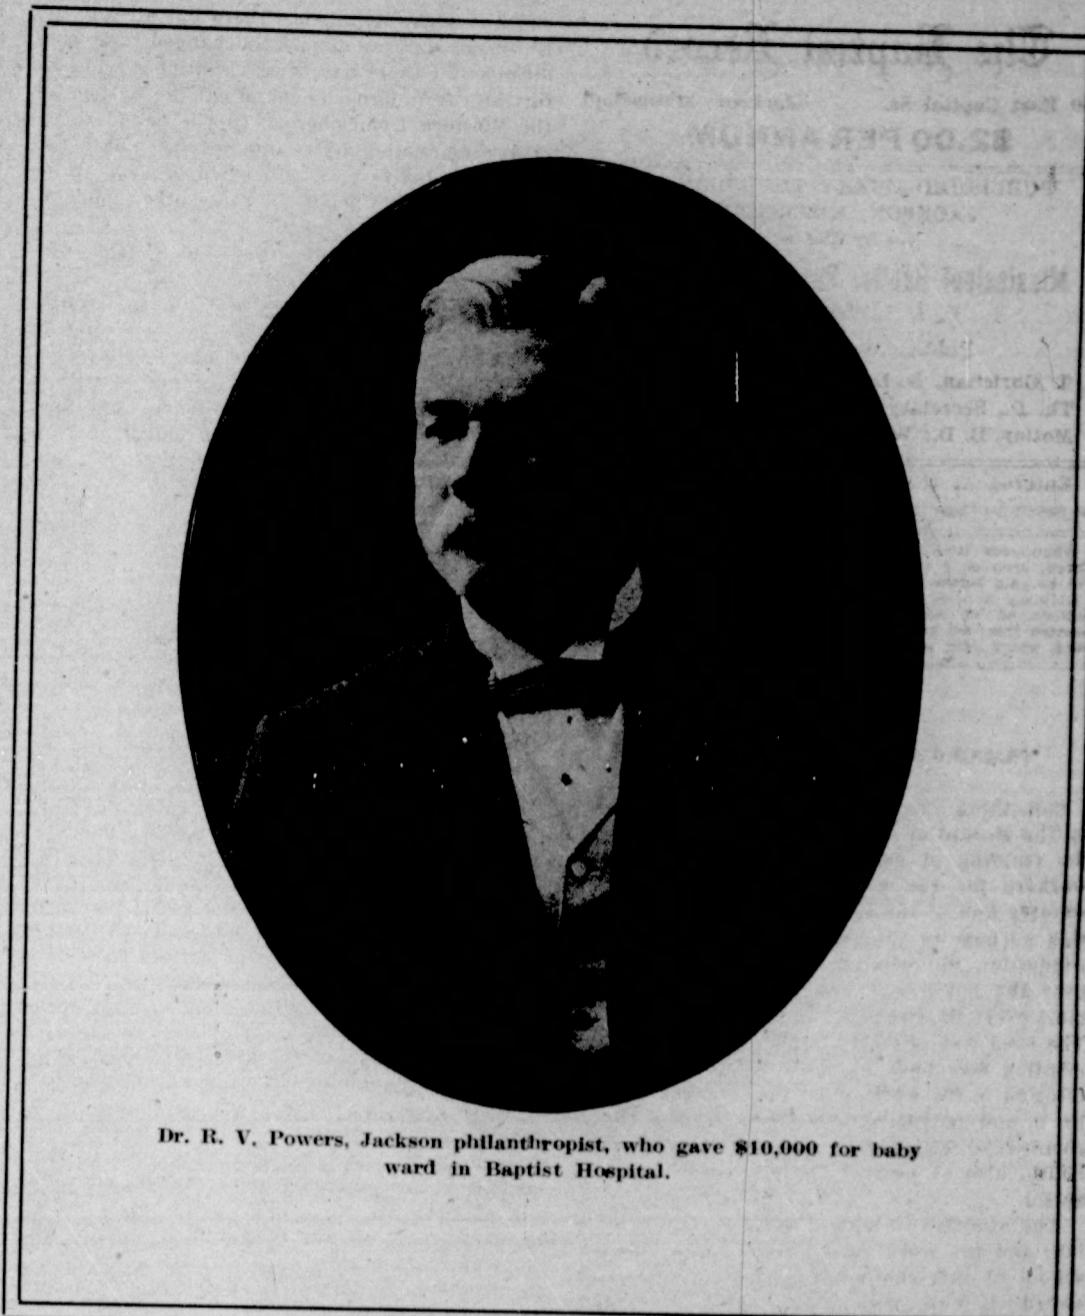

(2) And so seminary students planning to go as foreign missionaries may find in this school a spiritual clinic which will further fit them for their work abroad.

(3) And so as to secure the most fraternal relationships between the managements and faculties.

5. That this school should in the strictest possible manner require a certain amount of active Christian service of each student each day and credit be given for the same toward the completion of the school's courses of work.

6. That for the beginning the sessions of the school should be held in the Coliseum Place Baptist church house, which has been tendered by the congregation, the school paying only the necessary light and fuel expenses, janitor hire, etc.

7. That in order to start this work at the earliest possible date, we request the Home Mission Board, the State Mission Boards of Louis-

**Dr. R. V. Powers, Jackson philanthropist, who gave \$10,000 for baby ward in Baptist Hospital.**

iana and Mississippi to appropriate each \$1,000 for the employment of a man to head the projection of this enterprise as president.

8. That this school should be opened on or about January 1, 1917.

9. That the New Orleans pastors be requested to render such service as teachers as would be needful and possible under the direction of the president, and without charge to the school.

10. That we request the services of such French, Italian and Spanish missionaries as would be necessary daily as teachers in their respective languages.

11. That we request the Sunday School Board of the Southern Baptist Convention to provide a teacher to cover the whole teacher training course of the Sunday School Board.

12. That a committee be appointed to present a memorial to the Southern Baptist Convention asking that body to look favorably and sympathetically upon this enterprise which we believe is fraught with such tremendous missionary possibilities.

13. That New Orleans Baptists be requested during the next five years to raise not less than \$20,000 toward the providing and equipping of a building or buildings for this school.

14. That Brethren Dodd, Christian and Crutcher be authorized to present the matter to the Southern Baptist Convention, to the Home Board, the Foreign Mission Board, the Sunday School Board, and the various State boards represented, and further carry out the provisions of this report.

15. That the Louisiana Baptist Convention be requested to appoint six trustees, three of whom shall reside in New Orleans, and the Mississippi

Baptist State Convention be requested to appoint three trustees, and such other State bodies as elect to co-operate in this movement be requested to appoint three trustees each, who will constitute a board of trustees for this institution.

#### RESOLUTIONS.

We, the Baptists of New Orleans, in mass meeting assembled, desire to express our great appreciation of the visit of the special committees from the Baptist Home Mission Board and the Baptist State Conventions of Louisiana and Mississippi in the interest of establishing a Bible Training School in our city.

We wish further to thank these brethren most heartily for their most instructive and helpful addresses delivered during their sojourn with us in the Bible conference.

We desire also to assure the members of these committees that we fully endorse the report which they have prepared to present to the bodies respectively, which they represent, and we do here and now pledge ourselves to the committees that we will do our best, the Lord giving us grace, to raise the \$20,000 which they request for the establishment of the school; and to co-operate in any other way we can to the glory of our blessed Lord.

If there is any expression of which we are weary, it is, "Times is hard." Every mail brings letters offering up this excuse for not paying what is owed us. Brethren, if you do still believe in that exploded theory of "hard times," at least have the grammatical grace to say, "Times have been hard."

**Let Us Be Kind.**

"Over a winding, wayside wall,  
Ragged, and rough, and gray,  
There crept a tender and clinging vine,  
Tireless day by day.  
At last its mantle of softest tint  
Covered each jagged seam;  
The struggling wall, half broken down,  
Became, with that leafy, tinted crown,  
Fair as an artist's dream.

"Oh for kindness that clings and twines  
Over life's broken wall,  
That blossoms above the scars of pain,  
Striving to hide them all!  
Oh for the helpful, ministering hands,  
Beneficent, willing feet,  
That spread rich mantles of tender thought  
O'er life's hard places, till Time has wrought  
Its healing—divine, complete."

**Gulfport and Biloxi.**

It has been the great privilege of your secretary to be in Gulfport and Biloxi for several days.

Brethren Byrd and Holcomb were holding an institute in the former place. With their usual courtesy, they gave the best hour to this secretary.

We met in the church at 4 p. m. and for an hour each day the women met and we discussed our work.

The attendance was fine, the interest great. There was a splendid spirit of freedom, and as we drew near each other, we were close to the throne. It was good to be there. "Ideals," our booklet for the year, was followed in the studies. On the last afternoon when we discussed the Standard of Excellence, it was found in what points we were lacking and all agreed in our

hearts to aim at an A-1 organization. Gulfport will shortly be a thoroughly graded Union.

The pastor, Brother Gillon, lent his presence each day, and Brother Finley never failed to show his appreciation by being present. Then one day we had Brother McComb with us who added greatly to the spirituality of the meeting by leading a consecration service.

The mornings were given to the sisters in Biloxi. Just now they are without a pastor, but as a society have not failed the assembling of themselves together and the natural result follows: They are accomplishing things for their Lord. This faithful band deserves much credit, for 'mid trials and tribulations, they have kept on in the work; and the pastor whom the Lord shall send them can but be much strengthened by this right arm of his church.

These sisters, under the leadership of their new president, Mrs. T. J. Wright, have ordered the literature of all the Auxiliaries and hope soon to become a graded Union.

The W. M. U. of the Okolona Baptist church had a Judson Jubilate meeting Sunday night. The program was conducted by the W. M. U. and all its branches. The G. A. gave the "Children of Light" and were dressed in costumes.

The church was packed with people. The collection was \$26.10. Week of Prayer is to be observed next. We are doing good work since we have had Brother and Sister O'Briant, and we are praying and hoping we will be able to have these grand Christian people for leaders always.

SECRETARY W. M. U.

—o—

Little Rock, Ark., Feb. 22, 1916.

Miss M. M. Lackey,  
Jackson, Miss.

My Dear Miss Lackey:

It has been much on my heart, since the passing from earth to heaven of our beloved and honored president, Miss Heck, that Southern Baptist women should be much in prayer for unity in heart and mind when we come to the election of her successor at the annual convention at Asheville, N. C. It is God's work, and I am sure He is already preparing a woman for this important place. Only through prayer and the conscious leading of His Spirit can we know His will in the matter.

It is my desire that the State secretaries form themselves into a prayer circle, and that each secretary ask the women of her State to join in prayer. Thus will God have the opportunity of using to His glory and the advancement of His kingdom.

Our State meeting convenes April 5-7 at Ft. Smith. We elect a new State president. Remember Arkansas when you pray before the throne of grace.

Your sister in Christ,

MRS. J. G. JACKSON,  
Cor. Sec.-Treas. Arkansas W. M. U.

**MISSISSIPPI COLLEGE TIDINGS.**

We were made glad last week upon the receipt of a \$6,000 check from the General Educational Board. For every two dollars, the endowment subscribers pay in, this board pays one. Pretty good interest, don't you think?

Secretary J. E. Byrd was with us last Sunday. At the morning hour he told us the importance of knowing the Word of God; showed us in his own clear and forceful way how to study it and impart it to those whom we teach. There is no question about it, Secretary Byrd is a master of his subject. He did us all good. At the evening hour, he delivered twenty-four diplomas to those who had just completed the "Normal Teachers' Training Course" under Prof. Taylor. We had a good day and we want Brother Byrd to come our way again.

The preliminary oratorical contest was held in the college chapel, Friday night, February 25th. Luther Lane, of McComb City, was chosen to represent us at the State Oratorical Con-

test, which will be held at a place yet to be determined sometime in May. All who heard the contest here Friday night say that it was the best of its kind that they had ever witnessed. Six strong young men battled for the place, and it was a battle royal, too. Their manuscripts were of the highest order, and they made the old chapel ring with their eloquence. But Luther Lane was given first place and Albert Sidney Johnson was chosen as alternate. Prof. Aven, the noble old Roman, who has been here over twenty-five years, who has heard thousands of speeches and made many speeches, said the next morning at chapel, "That Luther Lane made the best speech that he ever heard a school boy make." A splendid compliment from a splendid source.

In the last four years, Mississippi College has won three of these medals. With Luther Lane as our standard bearer, we are going to make it four out of five when contest time rolls around.

Last night the inter-collegiate debate between A. & M. and Mississippi College was held. W. B. Kenna and W. S. George were our debaters, while Smith and Hobby held up the colors of A. & M. The question was, "Resolved, That the United States Should Own and Operate a Merchant Marine." It was a good debate. All of the debaters showed that they had mastered their subject. On the floor they showed self-control, ease of manner, and a good deal of reserve force. The decision was two to one in favor of Mississippi College.

Prof. Latimer gave a very interesting account at chapel Saturday morning of the meeting of the Southern Association of Baptist Colleges in Nashville a few weeks ago. His paper on "Standards as a Factor in Education" was said to have been the best paper read before that body. Here are three striking statements that he brought back from that meeting:

First. "Mississippi College has more real literary students than any other Baptist college or university in the South with the sole exception of Baylor University."

Second. "That Mississippi College is the only Baptist institution in the South which is free from debt."

Third. "That of those who hold college degrees in 'Who's Who in America,' (those who have made a success in life), four-fifths of them received their diplomas from Christian colleges," a staggering statement. If this statement be true, then, mothers and fathers, think well before you turn away from your own church school and send your boys elsewhere.

Dr. J. B. Lawrence preached for us Sunday morning and evening. His subject for the morning hour was, "Christ the Light of the World." The subject for the evening hour was, "Ghosts of Yesterday." We have not listened to two more stirring messages. His thought was profound, his logic irresistible, his eloquence coupled with his outstanding personality drove every word home to the hearts of his hearers. Dr. Lawrence is truly a great preacher. Since we have been without a pastor, he has filled the pulpit several times. We greatly appreciate the consideration that he has shown us.

**COMMENDS.**

I desire to thank you and our honored secretary for publishing the final report of Brother O. D. Bowen in last week's issue. I felt in reading it I was reading from the new Acts of the Apostles. It was truly apostolic in spirit and otherwise. Our Baptist people are truly a great people, and are such, because of the labors of just such men as this honored brother. They can never pay the debt. Alas! that most of them lie in unknown graves! It is well enough to have the privilege, sometimes, at least, of bestowing honor where honor is due."

Fraternally,

E. T. MOBBERRY.

## A BUDGET FOR HOME AND FOREIGN MISSIONS.

We give below the budget for Home and Foreign Missions by Associations. The amounts apportioned to Mississippi—\$25,000 to Home Missions, and \$35,000 to Foreign Missions—are apportioned to the various Associations. These Associations in turn have been asked to apportion the amounts to the various churches in the Associations. After much time and labor, the work has been completed and is now being published so that every church in the State can see just what its proportionate part of our Home and Foreign Mission obligation is.

The pastors of the churches have been given as far as possible. We have gone to a great deal of trouble to secure a correct list of pastors, but have been unable to secure a full list. If you find mistakes, please send corrections to the Corresponding Secretary at once. It will be appreciated.

If every church in the State does as much as it is asked to do, Mississippi will meet her apportionment. Now for a great co-operative forward movement. Our Lord will lead to victory. Let us follow.

## GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

## If Kidneys Act Bad Take Salts

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salt is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

### How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with  $\frac{1}{2}$  pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist  $2\frac{1}{2}$  ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiacum, and has been used for generations to heal inflamed membranes of the throat and chest. To avoid disappointment, ask your druggist for " $2\frac{1}{2}$  ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., 257 Main St., Ft. Wayne, Ind.

## FRECKLES

### How Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

## Calomel Seldom Sold Here Now

Nasty drug salivates, makes you sick  
and you lose a day's work.

Every druggist in town — your  
druggist and everybody's druggist  
has noticed a great falling off in the  
sale of calomel. They all give the  
same reason. Dodson's Liver Tone  
is taking its place.

"Calomel is dangerous and people  
know it, while Dodson's Liver Tone  
is perfectly safe and gives better re-  
sults," said a prominent local drug-  
gist. Dodson's Liver Tone is per-  
sonally guaranteed by every drug-  
gist who sells it. A large bottle  
costs 50 cents, and if it fails to give  
easy relief in every case of liver  
sluggishness and constipation, you  
have only to ask for your money  
back.

Dodson's Liver Tone is a pleasant-  
tasting, purely vegetable remedy,  
harmless to both children and adults.  
Take a spoonful at night and wake  
up feeling fine; no biliousness, sick  
headache, acid stomach or constipated  
bowels. It doesn't gripe or cause  
inconvenience all the next day like  
violent calomel. Take a dose of cal-  
omel today and tomorrow you will  
feel weak, sick and nauseated. Don't  
lose a day's work! Take Dodson's  
Liver Tone instead and feel fine, full  
of vigor and ambition.

## The Cole Plain - View Planter

Most Accurate  
Corn Planter  
Ever Invented  
No Brush or Cut-off,  
Can't Injure Seed

Perfect Planter  
For Peanuts  
Velvet Beans  
And Almost Every  
Known Kind of Seed

(View into Hopper as it looks to the man using the planter. Wheels, etc., are left out of the picture).

The seed are carried up and dropped into the spout at the top, by little cups in the edge of the sloping seed-plate. All done right before your eyes. Any seed carried part way up in front of the cups soon sides back of their own weight. No brush or metal out-of-gravity does the work.

The Tenderest Seed Cannot Be Injured  
Simple and Accurate for All Seeds

Drops perfectly any kind of Shelled Peanuts and DROPS SPANISH PEANUTS IN THE HULLS. Drops Velvet Beans and all kinds of Beans and Peas, Cantaloupes, Cucumbers, Watermelons, Sorghum, Milo Maize, Rice, Kaffir Corn, Sudan Grass, etc. etc.

ALSO MADE DOUBLE to drop Corn and Velvet Beans, or any two crops, in alternate hills in same row at one trip.

Look for our name on Planters and Guano Sowers - it is a guarantee of value and service. Ask for the COLE and accept no substitutes or imitations.

PLACE YOUR ORDER EARLY. Every farmer wants the Plain-View and it will be years before we catch up with the demand. Write for free catalogue and name of merchant who guarantees Cole goods. "DO IT NOW."

President Wilson's Message  
on Advertising

Contained in the following letter to the President of the Associated Advertising Clubs of the World.

October 11, 1916.

My dear Mr. Houston:  
Advertising is a factor of constantly increasing power in modern business, and it very vitally affects the public in all its phases, particularly since the medium for the dissemination of advertising have increased so remarkably in recent years. For business men, therefore, it is of the utmost importance that the highest standards should be applied to advertising as to business itself.

The country is to be congratulated on the work of the Associated Advertising Clubs to establish and enforce a code of ethics based upon candor and truth that shall govern advertising methods, and the effect of its work should be of the greatest service to the country. It ensures permanence and stability in industrial and distributive methods, because it means good business judgment, and more than that, it indicates a fine conception of public obligation on the part of men in business, a conception which is one of the inspiring things in our outlook upon the future of national development.

Very truly yours,

Woodrow Wilson

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your looks become luxuriantly dark and beautiful—all dandruff goes; scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

## DEER CREEK PASTORS' CONFERENCE.

The Deer Creek Pastors' Conference of Deer Creek Association, which meets Monday after each fifth Sunday, met with the Itta Bena church to the delight of the church and pastor.

Brother S. G. Pope, of Belzoni, came and preached for us Sunday night. Which was an excellent preparation for the conference.

There was shown in every paper and address thought in its preparation.

There were ten of the twenty pastors present—Brethren Read, Rogers, Tew, Tyree, Pope, Boone, Pastor-elect McCool of Moorehead, and Stringer, and the enlistment man, Brother Cooper. The pastors who fail to attend these conferences are missing great spiritual blessings.

Some of our people suggest that we invite the conference to meet with us quarterly. We as pastor and people hope that the brethren will come again.

## BOILS NEEDN'T BOTHER YOU

Gray's Ointment puts an end to them right away. This remarkable ointment was first prepared in 1820 by a North Carolina physician. For nearly a century the American people have found it the most effective preparation for all eruptions and abrasions of the skin, burns, cuts, wounds, bruises, boils, carbuncles, ulcers, sores, etc. It speedily heals the skin trouble, and prevents the development of blood poisoning which not infrequently rises from a neglected sore or cut. "The best remedy I ever tried for risings, and all my friends who have tried it say it beats anything they ever used," writes Miss E. M. Mauley, Auburn, Fla. ### DAYBREAK AT RIDGECREST.

**That is, daybreak financially; for otherwise the sun has been shining on the Assembly and the colony for these seven years and more. But that debt of nearly thirty thousand dollars—it mantled a lot of loyal hearts in the blackness of darkness!**

### Compound of Simple Laxative Herbs Proves Most Efficient.

**Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. This applies regardless of age or condition in life.**

**The congestion of stomach waste in the bowels is evidenced in various ways; bloat, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort but also to avoid possible disease that follows neglect of this important function.**

**Harsh cathartics and violent purgatives should not be employed as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin, is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.**

Already more than a half dozen lots have been sold and the others are likely to go like hot cakes. Certainly it is a good investment as well as a timely help just now.**

**The proposition was adopted authorizing the organization of a stock company to take over the hotel and run it independently. This matter is under the direct charge of Mr. B. S. Meeks, Florence, S. C. He is traveling freight agent of the A. C. L. Railroad. He will no doubt bring things to pass in this matter.**

**The corresponding secretary of the Assembly, Rev. O. L. Stringfield, will continue his work with a view to the establishment of a great educational institution, both vocational and theological, at Ridgecrest. Not without sweat of blood he is laying the foundation for a Baptist Northfield in the South.**
